

REMARKS

Applicant has cancelled claims 1-10 and added new claims 20-28. Accordingly, only claims 11-28 remain in the application. Of the remaining claims, claims 1-11 were allowed. New claims 20-28 respectively represent now-canceled claims 2-10 in independent form, which were stated to be allowable if placed in independent form.

Applicant notes that in writing claim 2 as independent new claim 20, applicant changed the description of "switch means... said switch means includes a pair of switch blades at opposite sides..." to "a pair of switch blades at opposite sides...". Thus, all the limitations of what "switch means" includes in claim 2, have been retained.

In view of the above, the application appears to be in condition for allowance, reconsideration and such allowance being courteously requested.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Leon D. Rosen".
